APPLICATION PROCESS SUMMARY FOR DDO APPEAL BY NON-APPLICANTS

Who Considers the Appeal?

The Board of Adjustment is a semi-judicial body comprised of lay people appointed by Mayor and Council to hear and decide appeals to decisions made by the Development Services Department Director (designee) on applications for a Design Development Option (DDO) to certain design criteria of the *Land Use Code (LUC)*. Decisions by the Board of Adjustment (B/A) can be appealed to the Pima County Superior Court. Given the legal nature of this zoning process it is important that each applicant reads and follows the submittal steps exactly as provided in this packet.

How Long Does This Process Take?

The typical appeal process takes from 1-1/2 to 2 months to complete from beginning to end. The application processing time does not include the time DSD Zoning Review Staff needs to generate the final *Land Use Code (LUC)* compliance review comments required for your appeal application submittal. Please contact DSD Zoning Review Staff at 791-5608 to obtain this information.

What Are The Steps?

1. [OPTIONAL but strongly recommended.] Obtain official Board of Adjustment mailing labels from DSD Zoning Administration Staff, 2nd Floor Offices Public Works Building, 201 North Stone Avenue (791-4541).
2. [OPTIONAL but strongly recommended.] Using these official mailing labels, per full notice requirements, mail to all affected parties a notice letter, which includes a description of your project and DDO request(s), an offer to meet onsite, and information about the Board of Adjustment hearing. Don't forget to get "proof of mailing" when you mail the letters.
6. [OPTIONAL but strongly recommended.] Hold your onsite meeting with those affected parties interested in the application. Provide a sign-in sheet and prepare a summary of what was discussed.
7. Referring to the "Submittal Checklist" assemble the required items for appeal application submittal.
8. Contact DSD Zoning Administration Staff to schedule an appointment for submittal of the appeal application. **Applications may not be dropped off.** You must be present to answer staff questions. Please allow up to 30 minutes for staff to review the application for completeness and acceptance.
9. Attend the DRB meeting and Board of Adjustment hearing.

NOTES:

*Refer to "Explanation of Items"

Poorly prepared or incomplete submittals will not be processed and will be returned to the applicants.

EXPLANATION OF ITEMS

INTRODUCTION

The following explanations will provide the information needed to complete the Board of Adjustment submittal requirements in a manner that staff will deem acceptable for processing. Please read the explanations thoroughly and follow them exactly as provided. If you vary from any of these explanations you run the risk of having your application submittal rejected by staff. If you have any questions regarding this application process, call Development Services Department (DSD) Zoning Administration Division staff at 791-4541 extension 1134 or extension 1116 and ask for help.

EXPLANATIONS (Listed Alphabetically)

APPLICANT'S APPEAL ATTACHMENT: This attachment contains the applicant/appellant's written arguments to Board explaining why, in the appellant's opinion, the Zoning Administrator's determination is in error. The written arguments should be accompanied by documents, which support the appellant's arguments.

APPLICANT'S VARIANCE/DDO LIST TO THE BOARD: List each variance or DDO request separately using the following format: LUC Section to be waived or modified by the Board, what is required to be provided by the project and what the project plan indicates as provided.

Note: It is the applicant and not staff that determines the variance list to the Board. When you receive your final LUC compliance review comments listing the remaining LUC regulations applicable to your project you basically have two choices: revise the plan to meet the regulations or apply for Board of Adjustment variance approval to waive or modify the regulations.

APPLICATION FORM ATTACHMENT: Both State Statutes and City of Tucson Code regulations require the Board of Adjustment to "Find" each variance or DDO request in compliance with the statements listed in Findings "a" through "g" or "a" through "p" before they grant that variance or DDO request. The Board expects each applicant to tell the Board how the variance or DDO request and project complies with each and every one of these "Findings". The "Findings" represent the only legal reasons for the Board to grant your variance.

The "Findings" basically state that there must be some physical hardship (special circumstance) to the property that prevents the project from being designed to meet the zoning regulation in full.

Reasons that should not be used to justify the variance or DDO.

"This is what the client wants", "Its my property and I want a four car garage", "A screen wall costs too much its cheaper to put in a fence or a hedge", "The required number of parking spaces is more than I need", "I can't afford to put in all the landscaping and screening the Code requires", "The bank won't finance my project unless I have a certain number of units onsite", etc.

APPLICATION FORM: The Board of Adjustment or Design Review application form must be completed in its entirety and signed by property owner or authorized agent. If signed by an agent please include a letter from the property owner authorizing the agent to act on their behalf. If you have any questions on completing this form just call staff.

BOARD OF ADJUSTMENT FILING FEE: The balance due on the Board of Adjustment application fee (total fee minus mailing label fee already paid) is required at time of submittal. Refer to the current fee schedule to determine application fees. Fees may be paid by check made payable to the City of Tucson; cash; or credit card. Failure to pay the balance due at submittal will result in Staff rejecting the application.

DESIGN REVIEW BOARD (DRB): The DRB is comprised of (7) members of the community appointed by Mayor and Council. The DRB members include registered Architects, Landscape Architects and a General Contractor. At the meeting there may be as few as three or as many as seven members attending. A DRB quorum is three members. The DRB meetings are held in the Mayor and Council Chambers, 1st floor City Hall, 255 West Alameda Street except as noted. The meetings begin at 7:30 A.M. (sharp) See the DRB Schedule of Meeting Dates. Applicants must be present at the meeting to present their case to the members. Remember the DRB is comprised of Architects and Contractors so expect detailed questions regarding the plans and project.

DRB SUBMITTAL ITEMS: Refer to the DRB checklist for submittal requirements.

DRB APPLICATION FEES: Refer to current fee schedule. This fee check is separate from the Board of Adjustment application fee check.

FINAL LUC COMPLIANCE REVIEW COMMENTS: Submit a detailed site plan for *Land Use Code (LUC)* compliance review to Development Services Department (DSD), 1st floor City/County Public Works Building, 201 N. Stone Avenue. Zoning Review staff will identify all (*LUC*) regulations applicable to the project. After you have made all the revisions possible to your plans, based on Zoning Review staff's prior review comments, staff will prepare the final *LUC* Compliance Review comments in a written format (e.g. Permit card, CDRC Comments, Memo, etc.) for submittal with your application.

Note: Final comments may list both *Land Use Code (LUC)* and *Development Standard (DS)* Sections. Sections listed "DS" (e.g. DS Sec. 2-15.3.1) refer to Development Standard regulations which cannot be waived or modified by the Board of Adjustment.

LANDSCAPE, SCREENING, SCENIC ROUTE VARIANCES AND DDO APPEALS: These requests to the Board must be submitted to the Design Review Board (DRB) for review and recommendation to the Board of Adjustment.

MAILING LABELS: To obtain mailing labels submit in person to DSD Zoning Administration staff the following:
1) Complete the top portion of the "Request for Mailing Labels and Address Verification" form (be sure the site address is the official address issued by Pima County Addressing; 2) Attach the Assessor's Property Printouts applicable to the project site and the Lot and Block Map applicable to the project site; and, 3) Attach the fee check made payable to the City of Tucson.. Refer to fee schedule to determine fees for Notification of Property Owners. Fees are non-refundable.

NOTICE TO AFFECTED PARTIES: Prior to submittal a notice must* be sent to the affected parties and an onsite meeting must be held. The affected parties include all owners of real property within 300' of the project site; all Neighborhood Associations registered with the City and within 1 mile of the project site; and, the Council Office whose Ward the project site is within and others as determined by the Land Use Code. *Note: This notice is optional only for Appeals of a Zoning Administrator's Determination. However, this notice is the appellant's opportunity to win popular support for his/her argument before the Board. If the appellant chooses to send notice, it must be per these notice requirements and must be to all affected parties.

This notice and meeting is an opportunity to explain the project to the affected parties. The notice must contain the following information: the nature of the project; where the project is located; the variance(s) being requested from the Board of Adjustment; why the variance is needed; agent or property owner's name and phone number; and, the time and place of the onsite meeting. Also indicate the time and place of the Board of Adjustment hearing and include a statement that City Staff will mail out an official notice of the Board of Adjustment hearing, two weeks prior to the hearing date.

PIMA COUNTY ASSESSOR'S PROPERTY PRINTOUT AND LOT/BLOCK MAP: The application submittal must include a copy of the project site Property Printout(s) and Lot and Block Map. Both are available at the Pima County Assessor's Office for a small fee. The Assessor's Office is located at 115 North Church and is east of City Hall. Or you may download the information from the Assessor's Office website: www.asr.pima.co.az.us

- If your site includes more than one parcel, the printout for each parcel must be included.
- The printouts and map must match what is shown on the site plan.
- You must also include the Property Printouts for any property adjacent to and under the same ownership as the site.
- The Property Printout verifies for staff the current ownership of the property.
- The Lot and Block Map verifies for staff the current configuration of the property.

Important Note: Substitute documents obtained from sources other than the Assessor's Office will not be accepted by DSD Zoning Administration staff. Property Printouts and Lot and Block Maps more than six months old will not be accepted.

PRE-APPLICATION REVIEW: Potential Rio Nuevo and Downtown Zone (RND) applicants are strongly encouraged to present the project, in its conceptual stage, to the DRB for a pre-application review. This is a non-deliberative discussion with the DRB about the project and the RND process. This review allows the applicant an opportunity to receive DRB's input on the project's compliance with RND criteria, prior to actual submittal of the application.

PRELIMINARY LUC COMPLIANCE REVIEW COMMENTS: When you first submit your plans for *LUC* compliance review, staff will generate comments requesting additional information (e.g. dimensions, calculations, notes, etc.). This additional information is necessary for staff to correctly identify all zoning regulations applicable to the project. **Note:**

Preliminary written comments or informal notes made on the plans are not acceptable in the Board of Adjustment process.

PRE-SUBMITTAL MEETING: Potential Rio Nuevo and Downtown Zone (RND) applicants **MUST** attend a pre-submittal meeting with DSD staff to determine if the project requires a minor, full, or major review. Contact the Rio Nuevo Coordinator (Randy Schuler) at 791-5550. Zoning Administration staff will not process RND applications, which have not followed this process. When in doubt, call Zoning Administration Staff at 791-4541.

PROJECT INFORMATION ATTACHMENT: This is one or two page narrative explaining the nature project and why you need the variances. The purpose of the project information attachment is to explain to the Board of Adjustment and the DRB in simple terms the project and justifications for the variances. (For DRB submittals address only those variances being reviewed by the DRB.)

PROJECT SITE/PARKING PLAN, BUILDING ELEVATION, FLOOR PLAN, LANDSCAPE PLAN AND PLATS:

Site/parking plans: The site/parking plan must be the same detailed plans reviewed by DSD for the LUC compliance review process. Zoning Administration staff must be notified if the site plan submitted with the application is different than the site plan submitted to generate the final LUC compliance review comments.

Landscape plans: If the variance request is for landscaping and screening a landscape plan showing what can be provided is required.

Building elevation plans: For variances to the setback, building height, color regulations, include elevation plans.

Floor plans: Submittals that include parking variances for residential projects with more than five (5) bedrooms must include floor plans.

Tentative plat: For appeals Tentative Plat approvals, include applicable number of copies of the subject plat.

PROOF OF APPLICANT'S MAIL NOTICE AND MEETING: Include with your submittal, a copy of the letter sent to the affected parties; a meeting summary explaining what happened at the onsite meeting, who showed up and what was discussed, a copy of the sign-in sheet for the onsite meeting and proof that the notices were mailed to all affected parties in accordance with the required notification procedures. Acceptable proof includes the following documentation:

- A copy of the mailing label lists stamped as received by a postal service e.g. Post Office, Mail Boxes Etc., Postal Connection, etc. **and**
- Any official form or receipt of mailing from the postal service, **or**
- Certification of Mailing, **or**
- Certified Mail.

Note: Proof of applicant's mail notice and meeting is optional for an Appeal of a Zoning Administrator's Determination.

PROPERTY PHOTOS OF THE SITE: The DRB members do not make field trips to the case site. Therefore, the photos of the site are needed for their reference. Of specific concern will be those areas of the site subject to the variances (e.g. the street frontage for side street landscape variances, etc.). Staff needs 8 sets of the photos (labeled).

RELATED LUC PROCESSES: Projects that require approval through a related *LUC* process (e.g. Special Exception, Scenic Corridor Zone, Historic Preservation Zone, Rezoning etc.) must complete that review and approval prior to application to the Board of Adjustment. Also note that if the project is the site of a prior rezoning case, then review and approval from DSD Rezoning Section is required to ensure there is no conflict between the variance application and the prior rezoning conditions.

RIO NUEVO AND DOWNTOWN OVERLAY ZONE: The Design Review Board (DRB) reviews all projects located within the Rio Nuevo and Downtown (RND) Overlay for compliance with the design criteria established in DS 2.8.10.5.A-K and 9.05.4.0-9.05.4. If your project is located within the Rio Nuevo and Downtown (RND) Overlay Zone, you must contact Randy Schuler (Rio Nuevo coordinator) at 791-5550, prior to submittal to the DRB.

ZONING ADMINISTRATOR'S FORMAL DETERMINATION: Land Use Code (LUC) Section 1.2.1 states "Where questions occur concerning the content or application of the LUC, the Zoning Administrator shall render a final decision and interpretation on the matter. In making a determination, the Zoning Administrator shall rely on the purpose of the LUC Section in question". The appeals are to the Board of Adjustment. The first step to appeal to the Board is to file your letter of intent to appeal the Zoning Administrator's determination within 30 days of the date the determination was

made in writing and signed by the Zoning Administrator. The letter of intent to appeal must be filed with Zoning Administration Division Staff, Development Services Department (DSD), 2nd Floor, 201 North Stone Avenue. The second step is to submit to the Zoning Administration staff the complete Board of Adjustment application submittal by the very next available Board of Adjustment filing deadline.

When in doubt, call **DSD Zoning Administration** at 791-4541.
